

### REMARKS

Claim 14 is amended. Claims 1-6, 10-18, and 20 are pending. Paragraph [0001] of the specification has been amended for matters relating to form that do not affect the scope of protection.

This Amendment supplements the Examiner's Amendment issued December 14, 2009, which was intended to place the features of claim 19 into claim 14. In a telephone interview between the Examiner and Applicants' representative Michael Weinberg, it was agreed to cancel claim 19 and to place the features of claim 19 into claim 14 in an effort to expedite allowance of the application.

However, in the Examiner's Amendment, the phrase "such that" was introduced, but was not present in claim 19. Claim 14 is amended to more closely follow the language of claim 19, and more closely follow the agreed upon language discussed in the interview with the Examiner.

The amendments presented herein do not raise issues that would require further examination or search. Entry of this Amendment pursuant to 37 C.F.R. §1.312 is proper and is respectfully requested

**Conclusion**

Should any questions arise in connection with this application or should the Examiner believe that a telephone conference with the undersigned would be helpful in resolving any remaining issues pertaining to this application the undersigned respectfully requests that he be contacted at the number indicated below.

Respectfully submitted,
